Supportive Comfort.

With an expressive design and an array of back styles, Felix seating adapts smartly wherever it goes. Ergonomic features include a uniquely cushioned seat and either a breathable, black mesh back or an upholstered back with lumbar support that self-orientates to the user. The independent back flexes and allows the arms to remain free, providing comfort and movement within the chair. Mix and match seat cushions with upholstered backs. Select any Indiana Furniture Seating finish for the solid wood backs.

Fabric: Momentum Crux, Wine and Ultrafabrics Brisa, White.
